___High School	___College Hours	___High School	___College Hours
___Associate's	___Bachelor's	___Associate's	___Bachelor's
___Master's	___Doctoral	___Master's	___Doctoral

Section B: Student Questions

Read and answer question #1. Everyone must answer question #1. Next, read questions #2 and #3 and respond to **either** #2 or #3, not both. Your answers must be your original work, completed with no adult help. You may, though, ask an adult to explain the questions.

Guidelines for completing student questions:

1. Responses should be answered using black or blue ink. Do not use a pencil.
2. Responses must be at least ½ page long, and should show careful thought and work.
3. Your answers are to help us get to know you better. They will not be used to accept or deny you entry into the program.

Question #1: What do you know about the Early College High School Program? Why do you believe that this program will be a good program to help you reach your future goals?

Question #2: What is a challenge that you have had to face in your life and what did you do to overcome this challenge? What did you learn through this experience? How did this impact your life? What advice would you give to someone going through the same challenge?

Question #3: What do you think it takes to be a successful student? Give four character traits and examples how you match at least two of those traits?

This is your opportunity to express yourself and demonstrate your writing skills.

Note: Please type or write responses on a separate sheet of paper and staple to this application.
